What are the most important academic sources on the connection between Kabbalah and politics?

There is a limited amount of academic literature that specifically focuses on the connection between Kabbalah and politics. Here are some of the most important sources in the field:

1. "Kabbalah and Politics" by Moshe Idel
2. "The Political Potential of Kabbalah" by Elliot R. Wolfson
3. "Redemption and Political Activism in the Thought of Moshe Cordovero" by Daniel B. Schwartz
4. "The Kabbalistic Roots of Zionism" by Yair Zakovitch
5. "Jewish Mystical Leaders and Leadership in the Thirteenth Century" by Moshe Idel

These sources provide insights into the ways in which Kabbalah has influenced political thought and activism in the Jewish community, and the role of Kabbalistic ideas in shaping political movements such as Zionism.

write an abstract to a PhD dissertation about the interaction between Kabbalah and politics in Israel

This PhD dissertation explores the interaction between Kabbalah and politics in Israel. The study examines the role of Kabbalah in shaping political ideology, behavior and decision-making in Israel from its early history until the present day. The research focuses on the development of Kabbalah and its impact on the political landscape of Israel, including its influence on political leaders, parties and movements. The study also analyses the role of Kabbalah in the formation of national identity, the resolution of political conflicts, and the promotion of social justice. Through an examination of primary and secondary sources, the study sheds light on the complexities of the relationship between Kabbalah and politics in Israel and provides a comprehensive understanding of the influence of this mystical tradition on the political and social arena in the country.
